Paris Reports Cessation of Operations, Caused by Bad Weather—Petrograd Announces That Von Hindenburg's Army Has Been Driven Back 12 Miles In Vicinity of Gulf of Riga

The Associated Press gives the following summary of the European war situation:

London today reports new and important advantages gained by the British in their fight for Pozieres, the present focal point of their attack in the Somme region.

Despite a stubborn German defense of the town, which has been turned into a strongly fortified post, a large portion of it is now in British hands. The place is considered of great tactical importance as blocking an advance of the British lines toward Balaunne along the roads on both sides of the town. The heavy fighting of yesterday was followed by comparatively calm at night, but besides the successes at Pozieres, Gen. Sir Douglas Haig reports gains of ground near Highwood and in the vicinity of Guillemont, on the British left flank. The repulse of German counter attacks between Highwood and Guillemont is reported.

Paris announces the continuance of bad weather along the front in the Somme region and a cessation for the time being of active operations there.

Special dispatches from Petrograd emphasize the importance of the Russian offensive in the Riga region, where at one point, Field Marshal von Hindenburg's forces are reported to have been driven back twelve miles. The Russians are said now to be consolidating the ground gained in this offensive movement, which extends along a thirty-mile front.

Petrograd officially reports Russian advance guards within 15 miles of the Turkish fortress of Erzincan, upon which Duke Nicholas' armies are steadily advancing.

Engagements between German torpedo craft and a British force of small vessels in the North Sea are told in a British admiralty statement. In a running fight with six German destroyers repeated hits are declared to have been scored by the British. One of the British vessels was hit and two men wounded. The Germans succeeded in reaching the Belgian coast.

BY MERE CHANCE VILLA ESCAPED TWO WEEKS AGO

El Paso, July 24.—Only by the merest chance did Francisco Villa escape capture when his column was repulsed by de facto troops in its attack upon Parral two weeks ago, according to a private letter received here today from an American in the town.

"Villa personally directed the band that attacked the city," the letter said. "He directed the operations from a carriage about a mile behind the lines. In this carriage were two women and a man. When the bandits were pushed back by the government troops they fled past the carriage, stopping a chauffeur with a horse on which he made his escape. The women fled into the brush and also escaped."

"A moment or so later the carriage was seized by Carranza soldiers and the man who proved to be a Swiss nurse, was captured."

In the carriage were Villa's crutches and several rolls of bandages. The nurse said Villa's wounds necessitated an immediate operation and complete rest for some weeks."

DENTIST AT LOUISVILLE

Louisville, Ky., July 24.—With several thousand dentists from all sections of the United States in attendance, the annual convention of the National Dental Association and allied bodies was opened here today. The convention will continue through Friday.

Organizations allied with the National Dental Association will hold sessions at various times throughout the week.

This picture was taken on the occasion of the first meeting of the Republican national committee in New York a few days ago. Members of the senate and house steering committees, who took part in the meeting, are also shown in the photograph. The meeting was addressed by Charles E. Hughes, G. O. P. candidate, who emphasized the great importance of the issues and principles involved in the campaign.

All Indiana Mourns Death of Beloved "Hoosier Poet"; James Whitcomb Riley Dead

Indianapolis, July 24.—James Whitcomb Riley died Saturday night at 10:50 o'clock while only Mr. Riley's nurse was awake in the Riley's home. He had asked for a drink of water and reclined on his bed again. Mrs. Clemencia Proulx, the nurse, resumed her vigil, and, noticing that the poet seemed not to be resting easily, approached his bed. Mr. Riley died before she reached his side.

Mr. Riley's death was due to paralysis. He suffered a violent stroke about 7:30 o'clock in the morning, and the members of his household were greatly alarmed, but under Dr. Carleton B. McCulloch's ministrations the poet seemed to improve and early Saturday evening was regarded as much better.

Information was given to the public that Mr. Riley was in no danger, but within a few hours he was dead. Members of Mr. Riley's family were summoned immediately. They are his brother-in-law, Henry Etzel, his nephew, Edmund H. Etzel, and his niece, Miss Elizabeth Etzel.

Mr. Riley suffered his first violent attack of paralysis July 19, 1916.

Flags all over Indianapolis and in many other cities of the state were at half mast in memory of James Whitcomb Riley. Preparations were begun early today at the state house for the body to lie in state from 9 o'clock this evening.

The capitol was decorated to indicate the general mourning all over the state. The place the body will lie is the same spot where Mr. Riley stood a few years ago when he recited his own poem "Old Glory" at the time the body of Gen. Lawton lay in state in the capitol.

The body was to be taken from the Riley home shortly after 2 o'clock accompanied by a police escort. After the doors of the capitol close this evening it will be returned to the home under the same escort.

Only tentative funeral arrangements had been made this morning. Although the first plans were to have the burial at Greenfield, Ind., the boyhood home of the poet, the plans were changed last night, and the burial here. Final word is awaited from his sister, Mrs. Mary Payne, of New York, who had not been heard from early today.

James Whitcomb Riley, born in the Middle West, sang the songs, sorrows and joys of his folk, largely in his own dialect. The world was so touched by his inspiration and the realism of his homely symbols that he was one of the few, that, devoting their lives to poetry, gained a fortune.

Mr. Riley was peculiarly sensitive. (Continued on Page 10, Col. 3.)

Radical Changes Intended by Carranza in a Reported New Mexican Constitution

New York, July 24.—Radical changes in the laws governing foreigners doing business in Mexico are about to be made by General Carranza in a series of decrees which later will be included in a new constitution, according to recent arrivals from Mexico City. The new regulations, it is said, will provide that all foreign investors, before entering business in Mexico must agree not to have recourse in any case to any other law than that of Mexico, and that they will not be entitled to any privileges not enjoyed by Mexicans.

It will also provide that foreign capital already invested in Mexico may enjoy the right to be considered foreign and be entitled to the protection of its own government until the expiration of the concession or agreement that it may have entered into, provided it is not for a very long period.

Another provision is designed to fix a uniform period for all the long or unlimited contracts, leases or concessions in which foreign capital is interested and at the end of this period they will be considered subject only to the authority of the Mexican government and deprived of the right of appeal for protection to their respective governments.

These measures, it is understood, are to be incorporated in the Mexican constitution when the constitutional assembly meets in Queretaro in the near future and it is the belief of First Chief Carranza and his advisers that they will suffice to avoid the danger of complications with European powers and as a natural sequel will lift from the United States the responsibility of defending the territorial integrity of Mexico against the possibility of seizure of lands or properties by any foreign nation in order to pay the claims of their nationals.

STATE DEPARTMENT KNOWS NOTHING OF REPORTED INTENTION.

Washington, July 24.—State department officials have no knowledge of the reported intention of the Carranza government to make radical changes in the Mexican laws applying to foreigners engaged in business there and in the absence of such information they are withholding comment.

Special Agent Rodgers at Mexico City probably will be asked to report and as in all cases where radical changes would affect American interests, the department will watch them closely.

RESPECT

FOR NATIONAL ANTHEM SOUGHT TO BE ENFORCED BY AN ORDINANCE.

Musicians, Performers and Others, Must Stand in Baltimore, Md., Upon Its Rendition.

(Associated Press Telegram)

Baltimore, Md., July 24.—Policemen today began distributing copies of a municipal ordinance providing that "musicians, performers or other persons shall stand while playing, singing or rendering the Star Spangled Banner." Any persons disregarding this provision of the ordinance, "shall be guilty of a misdemeanor and upon conviction shall be fined not more than \$100."

Distribution was made to all theatres, moving picture halls, restaurants and cafes and to the offices of all musical organizations or branches in Baltimore.

In the circular is pointed out that the "Indiscriminate rendition of the Star Spangled Banner" or parts thereof in connection with other refrains, tends to lower the esteem and reverence in which the national anthem should be held by the people of the nation.

SUBMARINE IN SWEDISH WATERS TO BE ATTACKED.

(Associated Press Telegram)

Stockholm, Sweden July 24. Via London, 2:21 p. m.—Consequent upon the royal decree forbidding foreign belligerent submarines to pass through or to remain in Swedish territorial waters on pain of being attacked without warning, a general order has been issued to the Swedish naval and military forces. It directs that foreign submarines in Swedish territorial waters unless recognized as neutrals or as merchant ships are to be immediately attacked.

THREE DROWNED AT PICNIC

(Associated Press Telegram)

Kinston, Miss., July 24.—Three persons were drowned here today when a foot bridge over the Crow river, on which 20 members of a picnic party were standing collapsed. A wire cable, which remained fast at one end, enabled many to reach shore, while others were rescued by members of the party who could swim.

FRENCH AVIATOR FLIES OVER BERLIN, DROPPING MANY PROCLAMATIONS.

Saying It Would Be Easy but He Would Drop No Bombs Upon Women and Children.

(Associated Press Telegram)

Paris, July 24, 12:30 p. m.—Lieutenant Marchal, of the French aviation corps, last month left French soil and flew over the German capital, upon which he dropped proclamations and then continued his flight intending to land within the Russian lines. He was forced to descend, however, in Poland and was taken prisoner by the Germans.

The proclamations dropped by Lieut. Marchal on Berlin stated that though it was possible, the aviator refrained from bombarding the open town and "thus kill the women and innocent children."

Lieut. Marchal made a continuous flight of about 807 miles, most of which he traveled in darkness.

WOMEN CALLED ON PRESIDENT; ASK POSITION

(Associated Press Telegram)

Washington, July 24.—A delegation of women suffragists called upon President Wilson today to tell him a large number of women voters were waiting to decide for whom they will vote and wanted to know how he and Charles E. Hughes, the Republican nominee stood on the Susan B. Anthony federal amendment for national wide suffrage.

The President did not commit himself but he asked the women many questions and they said at leaving that they felt encouraged. Mr. Wilson hitherto has stood for state action on woman suffrage but after their interview members of the delegation thought he might change his attitude.

Members of the delegation have already seen Mr. Hughes and other women affiliated with them to see him again. They declared that the great majority of women voters in Western states will vote for the candidate who definitely commits himself to the federal amendment.

ASQUITH

ASKS HOUSE OF COMMONS FOR NEARLY HALF BILLION VOIL OF CREDIT.

This Is the Largest Amount Asked by the Government Since Outbreak of the War.

(Associated Press Telegram)

London, July 24, 4:30 p. m.—Premier Asquith today asked the house of commons for a vote of credit of 400,000,000 pounds. This vote is the largest asked by the government since the beginning of the war and will bring the total voted this year to 1,070,000,000 pounds and the total since the beginning of the war to 2,832,000,000 pounds (approximately \$14,160,000,000).

In moving the vote of credit the premier said the recent expenditures out of the vote of credit were approximately 600,000 pounds daily. The 6,000,000 pounds referred to by Reginald McKenna, the chancellor of the exchequer, represented all the outgoing, the premier said. All the expenditure was April 1 to last Saturday was \$559,000,000.

Mr. Asquith said the navy, army and munitions cost 379,000,000 pounds, the cost of Great Britain's allies 157,000,000 pounds and food, supplies, railways, etc., 25,000,000 pounds. The average daily expenditures on the war he said was 4,750,000 pounds.

The premier said he hoped the expenditures of the army and navy would not exceed the present level in the near future. The munitions cost remained stationary at the highest level reached, he added, and might increase.

Premier Asquith made it clear in the house of commons that the appointment of a committee to consider commercial problems after the war which recently was announced would not interfere with the holding of a labor conference in which the dominions would participate. Replying to a number of questions he said:

"The government desires as soon as possible to convene a conference of the representatives of the United Kingdom and the dominions and India to consider the commercial policy to be adopted after the war."

In view of the past fiscal controversies in this country, we think it (Continued on Page 2, Col. 2.)

ARMY BILL

EXPECTED TO OCCUPY SENATE MOST OF THIS WEEK, DEBATE BEING RESUMED.

Insistence Upon Child Labor Legislation May Alter Plans for Adjournment August 19.

(Associated Press Telegram)

Washington, July 24.—The national defense program will occupy the senate most of this week. Debate on the army bill, resumed today, is expected to last for several days and before the week is over, senate and house conferees will meet in a struggle over a building program for the navy. The conferees likely will pare the senate's eight capital ship plan for next year.

Efforts will be made to get final action on both army and navy conference reports early in August. Adjournment is set for August 19, but insistence on child labor legislation may alter the plan. Senate Democrats will probably caucus this week to decide whether there will be a vote on child labor.

MT. VERNON CHINESE ARRESTED; CHARGED HE VIOLATED LAW

(Associated Press Telegram)

Columbus, July 24.—With the arrest of a Mt. Vernon, O., Chinese laundryman, Emigrant Inspector Joseph Francis of Cleveland today claimed to have struck a blow at an organization of Chinese merchants at San Francisco, said to be breaking the law extensively with reference to the return to America of Chinamen, claiming to be merchants, but who, government inspectors say, are laborers.

Under the law a laborer cannot bring members of his family to America, but merchants can. Lew Kim Ngook, the man under arrest, formerly ran a laundry in Columbus. It is charged that he went to San Francisco, worked six months for a merchant and obtained fraudulent evidence that he was a merchant. He then returned to China, inspectors say, and returned with his "family," which consisted of several laborers of no relation.

KAISER THINKS HIS LIFE MUST NOT BE RISKED

(Associated Press Telegram)

London, July 24, 2:55 P. M.—Emperor William during his recent trip to a point somewhere in the region of Peronne on the Somme front says a dispatch to the wireless press from Berne, made a speech to the German wounded soldiers, which is attracting great attention in Germany. The German emperor is quoted as saying:

"It is the most poignant grief in my life that I am unable to take a more active part in this part. It is my earnest desire to take my place in the trenches and to deal with blows at our enemies as my age and strength would permit."

"I could take my place with the youngest of you and I promise that I would leave my mark on the enemy. But the inscrutable Almighty has willed otherwise. By my care has been committed to divine destiny the leadership of our country, its armies and its forces on land and sea."

"The burden of thinking, deciding and leading has been hard upon me, and realizing this, I know that my life must not be risked in the foremost line of battle where my feelings, if unrestrained, must carry me swiftly. My life must be conserved carefully for the welfare of Germany in order to carry out the duties assigned to me by divine appointment."

DEUTSCHLAND TO TAKE BACK A GOLD CARGO

Baltimore, July 24.—Asked today when the German merchant submarine Deutschland would sail on her return voyage to Germany, Paul G. L. Wilken, member of the Eastern Forwarding company, the boat's American agent, said she would start "just as soon as we can get her ready, and that will not be much longer."

Hitherto any all questions of persons connected with the Deutschland about her sailing plans have been met with evasive replies or "point blank refusal to discuss them." From a source regarding as most reliable it was ascertained today that the Eastern Forwarding company has successfully closed its negotiations for a large consignment of gold to be taken back on the submersible. It was said the gold will be put aboard today and the boat will then be ready to leave. No information as to the amount or from whom it was obtained except that it was through negotiations "with one of the largest American banking institutions," was vouchsafed.

The Deutschland's wireless equipment was sealed Friday by government radio inspectors. When captain Koenig entered his arrival at the custom house on the 10th inst. he was informed by customs officials that if he stayed in port more than two weeks, his wireless would be sealed. The two weeks limit expired today.

CONDITIONS HERE IDEAL TO LEAVING OF BIG SUBMARINE.

(Associated Press Telegram)

Norfolk, Va., July 24.—Only one of the allied warships patrolling the Virginia capes waiting for the German underwater liner Deutschland or her sister ship Bremen was in sight early today and she was cruising far out to sea.

Seafaring men who had been expecting the arrival of the Bremen within the last two days now say she cannot be anywhere near the capes. The weather during the last forty-eight hours has been ideal for a dash into the harbor. The sea being rough, the sky has been overcast almost continually and rain has been falling. If the big submersible were near, the shipping men say she would have taken advantage of those conditions to come in.

CASEMENT MAY DELAY EXECUTION BY AN APPEAL

London, July 24, 12:30 p. m.—Sir Frederick Smith, the attorney general, has intimated to Casement's attorney that which would enable the Irish peer to delay having the death sentence passed upon him, to carry the case into the house of lords.

An official statement regarding the Casement appeal issued this afternoon, read:

"The attorney general has refused application for his certificate under the criminal appeal of 1907, authorizing a further appeal of this case to the house of commons."

Deadly Little Missile Carried to Scene In An Innocent Looking Suit Case Which is Left Leaning Against a Small Building Which Was Blown to Pieces By Explosion

San Francisco, July 24.—Under the pressure of public sentiment which has been aroused over the bomb explosion that marked Saturday's preparedness parade here, the authorities today are working with determination to apprehend the perpetrator of the deed. To the death list of six, it is expected that two and probably more of the 44 injured will be added, five of the victims being reported in a critical condition.

Led by Mayor Rolph, who has offered a reward of \$5000 for the arrest of the person and who is taking an active part in the search, scores of citizens have volunteered their services for personal aid.

A mass meeting to "express an opinion on the bomb outrage," was called today for next Wednesday by Frederick J. Koster, president of the Chamber of Commerce, and chairman of the committee on law and order which was appointed recently to deal with the longshoremen strike situation.

Several clues are being followed with great activity. Two men who claimed to have seen the man with the suit case believed to have contained the infernal machine, describes him as about 35 years old, tall and shabbily dressed. As a result of conference between Mayor Rolph and Governor Hiram W. Johnson, it is regarded as likely that the state will supplement the city's action with the offer of a large reward for the assassin.

A reward of \$1000 has been offered by the brother of one of the victims.

Experts retained by the government have arrived at the conclusion, it is said, that the bomb had as its principal ingredient nitro-toluol. This substance, they say, was compressed into a length of cast steel pipe which, judging from the fragments picked up in the area of destruction, must have been from a foot to fifteen inches long and from six to eight inches in diameter.

Such a bomb, it is stated, could have been fired by an time arrangement fixed to a ordinary alarm clock. An entirely new angle to the case was presented to the case by Dr. J. Mora Moss, who said that the explosive either was tossed into the (Continued on Page 2, Col. 1.)

ACUTE STAGE IS REACHED IN THE IRISH SITUATION

(Associated Press Telegram)

London, July 24, 12:05 p. m.—An acute stage has been reached in the Irish question. Unless the situation suddenly changes doubt is expressed whether the government will be able to introduce an amending bill this week as had been promised.

The nationalist members of parliament are holding another meeting and unless a satisfactory answer is received from Premier Asquith, John Redmond, leader of the Irish nationalists, will be asked to push him for a further statement regarding the intentions of the government. The nationalists insist that the bill shall conform to the terms agreed upon in the settlement and they say they will have nothing to do with the proposals to make the exclusion of Ulster permanent or to reduce the Irish representation in the imperial parliament pending the final settlement.

Premier Asquith, today told John Redmond, leader of the Irish nationalists in the house of commons that the British government did not propose to introduce an Irish bill in regard to which there was a not agreed agreement by all political parties.

Mr. Redmond obtained leave to move the adjournment of the house in order "to call attention to the rapidly growing unrest in Ireland owing to the fact that the government did not propose to carry out in entirety the terms submitted by the temporary settlement."

Mr. Asquith later made a similar announcement in the house of commons. The premier said the government had no intention of introducing any home rule bill with regard to which there was no general agreement among all parties.

Men of Newark

THERE'S A FINE LOOKING SET OF TEETH—THINK I'LL BUY ME A SET!!

SAATCHI & SAATCHI DENTIST

DR. A. W. BEARD, DENTIST, 511 NEWARK TRUST BUILDING WAS born in Hebron and came to this city with his parents at an early age. He attended school here and later learned telephony in the local office of the Pennsylvania railroad company. In 1911 he accepted his first position as an operator in the T. & O. C. office at Granville, where he remained for four years. Then he returned to Newark and for 19 years was connected with the Pennsylvania telephone office.

He fired the "key hammering" occupation and decided to become a professional man. He entered the Ohio College of Dental Surgery at Cincinnati, graduating in 1930. He selected Newark as the most logical place to begin his professional career and a short time later opened a dental office here. Dr. Beard while never before the public in any other capacity than a professional man never-the-less has been active in promoting the interest and progressive spirit in the growth of the city. He has taken all the degrees of the various bodies of the local Masonic lodge and is a 32nd degree Mason. Dr. Beard will leave next Thursday on a three weeks' motor trip to Cleveland, Buffalo, Albany, Boston, New York, Philadelphia and then home.

crowd or dropped from the top of a one story building at the corner of Market and Stuart streets. Dr. Moss said he was in Stuart street at the time, forming in line with the Sons of the American Revolution and observed the bomb falling to the street. He said:

"I happened to turn and saw a black object, surrounded by smoke, falling through the air. It was perhaps ten feet above the ground when I saw it. I am sure that it was hurtling into the mass of people and that the theory that the suitcase was placed against the corner building is incorrect."

Frank J. Josephson, the editor, who was arrested Saturday, when he made a speech at the scene of the explosion in confidence of the act is still in custody.

The explosion occurred at Stuart and Market streets, two blocks from the main building, on San Francisco's main thoroughfare. The bomb, concealed in a suit case packed with cartridges, bullets, gas pipe, glass and scrap iron, blew a gap through the crowd, blasting men, women, children and babies.

The one-story building against which the suit case stood was wrecked.

The holiday throng, cheering a contingent of veterans of the First California Infantry of the Spanish-American war, became a shambles. The blast of 50 pounds and the roar of drums drowned the cries of the injured, but the sidewalk was strewn with torn bodies.

"Two women standing beside me were blown to bits," said Mrs. Kinsey Van Loom of Oakland, who, with her two children, was injured. The police say it is possible that some bodies were blown out of existence.

All the newspaper offices in San Francisco yesterday received a communication written in Roman script with an indelible pencil, many of the words being heavily underscored. The communication was signed: "The Determined Exiles from Militaristic Government. Italy, Germany, U. S. Italy, Russia, Russia." In several instances the writer repeated himself. The communication read:

"Editor: Our protests have been in vain in regards to this preparedness propaganda, so we are going to use a little direct action on the 22nd, which will echo around the earth and show the crisco really know how and that militarism cannot be forced on us and our children without a violent protest.

OFFICER PAYS VISIT TO CAMP UNEXPECTEDLY

ASSISTANT CHIEF QUARTERMASTER WALKED ABOUT IN CIVILIAN CLOTHES.

Rumors That Ohio Guardsmen Will Not be Required to Await Arrival of all Equipment.

(Associated Press Telegram) Camp Willis, July 24.—An unexpected visit to Camp Willis of Major L. A. Hampton, assistant chief quartermaster of the central department of the army, today gave rise to the belief among Ohio national guard officers that departmental officials want to know just how "completely equipped" the militiamen are, and intend ordering a movement of the men to the Mexican border before they are supplied with the rest of the miscellany specified in "equipment C."

Major Hampton called at the camp in civilian attire. He walked about casually looking over storehouses and, after introducing himself to Colonel William H. Duffy, camp quartermaster, checked over with him the supplies needed to complete "equipment C," which the guard commanders last week were ordered to await before entraining for the movement south.

It was also said Major Hampton went into some detail with representatives of the American Railway Association over train schedules for the troops.

Aside from Major Hampton's visit, all was quiet at camp today. The usual routine of drill continued. Major Robert W. Mearns, senior mustering officer, declared the only communication received from Chicago informed him that instructions which he requested last week regarding the recruiting of the fourth battalion for each of the regiments now in camp would be mailed today.

None of the expected clothing or other equipment has arrived at camp. Officers regard this as an indication that supplies which must be had for service on the border will be provided enroute.

The Ohio guardsmen probably will have their first pay day in camp tomorrow approximately \$50.00 will be distributed to privates alone. This money will be for 12 days' services in June. Paymasters had expected to pay off the men today but it was found that many of the company captains had not certified the payrolls of their companies.

Ohio national guardsmen, if they do go to the Mexican border soon, will be thoroughly immune from typhoid. They were to receive their first injection of anti-typhoid serum today, two injections having previously been given.

The soldiers have settled down now to await for equipment which the war department considers necessary before they are ready to go south. This equipment embraces a variety of articles and guard officers believe it may be several days before it is all assembled here.

The guardsmen will receive today their first pay from the federal government. They will be paid for their services from June 20, when they were mobilized in response to President Wilson's call, until July 1. They were paid Saturday by the state for their drills as Ohio national guardsmen during the second quarter of the year.

The money is most welcome to the soldiers as they have been in camp over a month, most of them without any source of income.

Two guardsmen of the third regiment are in the camp hospital today as a result of being stunned during an electrical storm which seemed to center over the camp last night. Elmer La Waver of Dayton, one of the patients was standing on a water pipe which was struck by lightning. Victor Hamburger, of Sidney, was in his tent nearby. Both men were rendered unconscious by the electricity but their conditions are not considered serious today.

Colonel Edward Vollrath, of the eighth regiment today asked federal mustering officers for a ruling on the question of whether discharge should be issued to enlisted men whose three-year periods of enlistment have expired. There is some little difference of opinion among officers as to whether those whose time has expired now can be discharged from the service. A war department ruling may be necessary to clear up the uncertainty.

Speeder Chased Many Blocks By Cop; is Captured

Isaac Phillips failed in his effort last night to evade arrest at the hands of Officer Williams and this morning was fined \$10 and costs for riding his motorcycle faster than the limit fixed by statute and ordinance.

Williams attempted to stop the man in East Newark last night by calling to him. Phillips did not heed the officer's call. Williams hurried his club at the machine, made a clean miss, then requisitioned an automobile to finish the chase. When it grew too warm, Phillips abandoned the motorcycle and sought to escape afoot. The officer cut through a side street and intercepted the speeder and sent him to jail. This is the first arrest since the new speed crusade was inaugurated by the police department. A motorcycle officer will be placed on duty tonight and a determined effort will be made to stop the practice of some auto drivers and motorcycle riders of ignoring all traffic ordinances.

POLICE RESCUE MAN IN PHONE BOOTH SATURDAY

Weather may be warm in the great outdoors but the heat of Saturday afternoon seemed as cool as a summer shower to one man who was imprisoned for the better part of a half hour in a telephone booth at the Bell telephone office Saturday afternoon. He was rescued by a squad of police from headquarters after taking an unwelcome Turkish bath. When he escaped from the booth he was soaked with perspiration. He was heated mentally and bodily.

He stopped at the exchange to talk over the long distance telephone. When his party was secured, he stepped into the booth and pulled the door shut. In some manner the lock sprung making him an unwelcome prisoner. No keys could be found in the phone office and finally the police department was appealed to to release the man. The door was "jimmied" by the officers.

CASH PRIZES TO BE GIVEN AWAY AT BIG PICNIC

"The little boy got it" will be the most popular expression used at the big Farmers and Merchants picnic to be held at the county fair grounds August 10. The reason for this is that \$53 in cash prizes will be given away by C. S. Osborn and Ray Evans, to winners of the many contests to be held for boys and girls.

The mention of the money to be given and the amount is enough to cause any youngster to show his teeth in anticipation of the event. Every body is happy over the coming affair, especially the children, for whom, a big day is planned by the committee.

Following is the program for the contests and the prizes to be awarded:

No one person shall be awarded more than one first and one second prize. The contests will commence at nine o'clock in the morning and the committee expects to finish them by noon. So be on time and get a share of the change.

- Contests**
- 1.—100 yard dash, boys 9 to 12 years, first prize \$50; second prize \$25.
 - 2.—200 yard dash, boys 12 to 15 years, first prize \$50; second prize \$25.

HEAT FLASHES, DIZZY, NERVOUS

Mrs. Wynn Tells How Lydia E. Pinkham's Vegetable Compound Helped Her During Change of Life.

Richmond, Va. "After taking seven bottles of Lydia E. Pinkham's Vegetable Compound I feel like a new woman. I always had a headache during the change of life and was also troubled with other bad feelings common at that time—dizzy spells, nervous feelings and heat flashes. Now I am in better health than I ever was and recommend your remedies to all my friends."—Mrs. LENA WYNN, 2812 E. O Street, Richmond, Va.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound.

Such warning symptoms are a sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness.

For these abnormal conditions do not fail to take Lydia E. Pinkham's Vegetable Compound.

POLICEMEN WIN IN THEIR SUIT AGAINST CITY

ORDINANCE LEGISLATING SHIRVELY AND RIGHTER OUT OF OFFICE, INVALID.

Judge Park B. Blair of Mt. Vernon Renders the Decision—Other News of the Courts.

In the case of the State of Ohio, ex rel. Martin L. Shively, plt., vs. Cecil Bigbee, as safety director of the city of Newark, defendant, and a similar case with James Richter, as plaintiff, Judge Park B. Blair of Mt. Vernon, who heard the cases, has rendered an opinion as follows:

These two cases were heard together, substantially the same issues being raised in each case. We have considered all one of the various issues. "The validity of the city ordinance by which these plaintiffs were legislated out of office."

This ordinance was declared by council to be an "emergency ordinance" and as such was voted upon by all the members of council. It failed to receive the necessary two-thirds vote, but having received a bare majority vote, the city officials have undertaken to enforce it as a "general ordinance." We think this ordinance failed to pass, and the president of council should have declared it lost, and the records of the proceedings should so show. We think it could have no more effect than it would have, had it been introduced as a "general ordinance" and failed to receive a majority of the votes of council. Had it been introduced as a "general ordinance," and received a two-thirds vote, it would not thereby have become an "emergency ordinance."

It necessarily follows that the action of the safety director in dismissing these relators, was without any authority of law, and the prayers of these petitions will be granted.

Motions for new trials will be overruled, and if an appeal be taken, the appeal bond will be fixed at \$100 in each case.

A Few Queries.

Editor of the Advocate:
If our memory is not at fault, about a year ago our Mayor and several members of the council and possibly other officials, went on a junking tour and visited many cities of Ohio and we think other cities, to investigate and ascertain the best material to use in street pavements. We believe, but are not sure, the taxpayers defrayed their expenses. However, they came home full of information and recommended and proceeded to put down tarvia and other similar pavements.

Now the information comes that engines, firetrucks, iron-tired wagons, and wheelbarrows must be equipped with special rubber tires, and horses, mules, and "dumb drivers" must be shod with the preparation of snow shoes, before passing over these modern pavements. But what protection have pedestrians?

Later, we have just heard that ladies wearing high or stilted-heeled shoes dare not stop and talk with each other any length of time on these pavements without losing their heels when passing on. If the present administration intends to put down any more of these pavements, wouldn't it be advisable for our Chamber of Commerce to bring a few manufacturers here to make snow shoes for the inferior animals and tarvia-asphalt slippers for men, women and children?

SOCIETY SEEKS WORK FOR ALL EX-PRISONERS

(ASSOCIATED PRESS TELEGRAM)

New York, July 24.—An important extension of the work of the prisoners relief society, an organization founded in Huntington, W. Va., to get employment for men released from penal institutions and to aid their families, was announced today by Earl E. Dudding, founder and president of the society. Mr. Dudding said that a branch bureau will be established here and that other branches may be started in other cities.

Although the prisoners relief society has been conducting work all over the country it has operated hitherto from its headquarters at Huntington. Mr. Dudding said that during its two years of existence the society has obtained employment for nearly 3,000 ex-convicts.

PRESIDENT SENDS CONDOLENCES UPON HOOSIER POET'S DEATH.

(ASSOCIATED PRESS TELEGRAM)

Washington, July 24.—President Wilson today sent the foreign telegram to Henry Eitel of Indianapolis, brother-in-law of the late James Whitcomb Riley.
"May I not express to you my sincere sorrow at the death of James Whitcomb Riley? With his departure a notable figure passes out of the nation's life; a man who imparted a joyful pleasure and a thoughtful view of many things that other men would have missed. I am sure I am speaking the feeling of the whole country in expressing my own sense of loss."

The Railroads

The outing of the members of the division staff of local B. and O. officials and their families at Buckeye Lake park, Saturday was a great success and the most enjoyable of any ever held by the organization. At 10:30 a. m. Saturday morning the officers and their families boarded a special Ohio Electric car for the lake. At noon they were seated to a sumptuous feed at the Mauger hotel. Mrs. J. F. Irwin, was selected as toastmistress and called upon a number of the wives to make after dinner talks. The women responded readily and commented briefly upon the success of the outing. While this was going on, the male members who heretofore had occupied the spotlight in after-dinner talks on similar occasions, enjoyed their cigars.

Following the dinner, the "outers" spent the day enjoying the various forms of amusement at the lake and late that night returned to this city.

Parkersburg 12—Newark 8.
The Parkersburg team of the B. and O. system league, Sunday at Buckeye Lake park, again demonstrated its superiority over the local team, by defeating them 12-8. Errors and poor fielding were responsible for the loss of the game and will result in a general shake-up of the Newark aggregation. The manager of the locals is determined to put a stop to the class of baseball being played by the members of the team and is looking for new material.

The visitors came here in state, occupying a sleeper during the trip and while in the city. When they stepped on the field at Buckeye Lake

yesterday they were fresher than the Newark team. Archie Davis, playing with the locals was badly spiked in the left leg, when he slid into the home plate.

Munday's Excursions.
The Columbus to Wheeling excursion via the B. and O. lines yesterday hauled 203 passengers from Columbus and Newark. Newark turned out 38 passengers for the trip. The regular northbound train on the B. and O. yesterday handled 155 persons to Sandusky, enroute to the Point. Garrett sent 270 of its citizens to Sandusky and then to the Point yesterday, and 105 passengers traveled from Marietta to Cincinnati Sunday to see the Cincinnati Reds in action.

Mine Car to Cambridge.
The Ohio state mine rescue car passed through Newark today on the B. and O. train No. 104 enroute from Columbus to the Hartford mines, at Cambridge.

Laborers Enroute.
A car load of laborers enroute from Cincinnati to Chicago Junction passed through the city this morning via the B. and O. lines.

Dispatcher on Vacation.
S. W. Haight, B. and O. railroad dispatcher is on his vacation and is making arrangements for a trip to several eastern cities including New York.

Say Auto Struck Train.
In the reports of B. and O. passenger engineer William Floyd and Conductor Edward Faust, who were in charge of train No. 103 Saturday, which killed Mr. and Mrs. Fred Hardesty, at Sonora, the men say that the automobile struck the engine. Witnesses told the train crew

that Mr. Hardesty was driving the machine toward the railroad crossing and they warned him of the approach of the train. They say that the man drove his machine onto the track striking the engine on the little step on the pilot. This threw the automobile against the engine.

Release Passenger Coaches.
The local offices of the B. and O. company has received orders to release the passenger coaches being assembled here for the transportation of Ohio troops to the Mexican border. Instead of using the day coaches Governor Willis recently interceded in behalf of the army and secured permission to send the men to the border in tourist cars.

During the past several weeks over 100 coaches have been assembled here and were being cleaned up preparatory to receiving orders to move the soldiers at Columbus. But with the new order the cars are being sent out of the city again and being re-distributed over the system where there has been a shortage existing. Only a few of the cars remain on the siding here where they were being assembled.

"Kih-iu-hou" is said to be monk-ey language for "retreat," which may be true, though, as a matter of fact, the words, in sharp staccato, sound remarkably like a dog, decorated with the order of tin can and voicing discomfort as the scene of action recedes rapidly into the distance.

The eminent English physicist, Thomson, explains the phenomenon giving radium its name as a gradual loss of some of the ions of its atomic systems, and thus have more like matter than like the waves of heat and light.

Wanted, An Issue.

(Philadelphia Record.)
What are the Republicans going to
make their great campaign issue?
What will be the bugle blasts that
Pussyfoot will emit in his letter of
acceptance that will arouse the wild
enthusiasm of the multitudinous of-
fice-seekers?

National preparedness? In view of
the great work of the Democratic
Congress in enlarging and reorganiz-
ing the army and the navy and of
making the National Guard an ef-
fective line of defense, it is difficult
to see how the G. O. P. could do
more. When Roosevelt was Presi-
dent he cut the army down ruthlessly
and did little to improve the navy.
Mexico? Conditions along the Rio
Grande, which seem to be slowly ad-
justing themselves, are a direct heri-
tage from the Taft Administration.
They are better now than they
were in 1910, 1911, 1912 and the
early part of 1913 under Republican
rule. Not since the Madero rebellion
has the outlook for permanent peace
been better.

The tariff? Not even Senator Pen-
rose raises this dead issue, killed by
the overwhelming Democratic pros-
perity.

Belgium, the sinking of the Lusit-
ania and German aggression? Not
on your life. Since the Colonel
ceased to be a candidate these mat-
ters no longer interest him, and ex-
Justice Hughes, supported by the
German-American Alliance and af-
raid to offend a possible supporter,
fights shy of them. They will be
absolutely ignored.

Americanism? Well, perhaps. But
what is Americanism? No party can
successfully make the claim that one-
half of the people of this country are
successful, patriotic and possessed of
all the virtues, while the other half
living side by side with them and
apparently differing in no way in
capacity and public spirit, are a lot
of slackers and degenerates. That
is what the Republicans charge, but,
of course, they do not believe in
such an absurdity. The fact that in
three years and four months the
Wilson Administration accomplished
far more in important constructive
legislation than the Republicans did
in the 16 years from March 4, 1897,
to March 4, 1913, shows that the
Democrats are no less industrious
and efficient as legislators and ad-
ministrators than the Republicans.

What, then, will be the big issue?
Ask George W. Perkins, who is run-
ning the Hughes campaign much as
he would manage a merger of shoddy
mills in one grand Trust. If
George would answer truthfully he
would say:

"We want the Federal offices and
the good old days of graft and spe-
cial privilege again."
That is the G. O. P. issue, but we
do not expect to see it stated with
such perfect frankness in the cam-
paign just opening.

Arresting Speeders.

(Ohio State Journal.)
More arrests for speed? Good! The
police are getting their hands busy
that is the useful ones are. Let the
good work go on. It is not against
any class of people that the law is
enforced, but it is for the whole
people and especially for the autoists
themselves. There is no need to go
so fast. A speeder is hurting him-
self, his mind, his body, his ma-
chine and everybody along the street.
There is nothing gained by all this
rattle-dang-burry, and if it was
examined into, it would be found
that no speeder had the slightest
excuse for his hurry. The solid,
thoughtful, successful men of a com-
munity don't speed. They know
that they save for not being in a
hurry, and what they save in time
they will enjoy in eternity.

The whole people are interested in
suppressing the speeder. He is a
poor citizen, not only because he
violates the law but because speed
weakens the mind and injures the
judgment. What sort of a voter does
a violator of the law make? How
much cool judgment is left in a
man's mind after making a rushing
speed of 30 or 40 miles an hour?
Not a particle. The auto is not in
the hands of its friend when it
makes violent speed. The beautiful
machine is abused by every man who
violates the law. You can write that
down as a primary principle.

To the Relief of Poland.

(New York World.)
In appealing directly by personal
letters to the rulers of European na-
tions in behalf of the war sufferers
in Poland, President Wilson has
taken an unusual step. But the sit-
uation is desperate and calls for ex-
traordinary measures.
The formal exchange of diplomati-
c communications so far has pro-
duced nothing but a general dead-
lock, because of which millions of
people in that war-stricken region
are left to starve.

The United States stands ready to
organize and conduct a campaign of
relief such as has been so effective
for the past two years in Belgium.
It needs only the consent of the na-
tions at war to act promptly. It has
no ends to serve except the ends of hu-
manity, which cannot remain indif-
ferent while so many helpless ones
perish miserably.

Europe must have moments of
temporary sanity in the midst of the
fury of slaughter.

Important Doctrine.

(Ohio State Journal.)
In his dedication of the labor
union building at Washington, on
the 4th inst., President Wilson gave
expression to an idea that goes to
the very bottom of our social struc-
ture. It is this:
"Because, my fellow citizens, you

will realize that in a position such
as I occupy for the time being I am
not at liberty to think of any one
class of our fellow citizens to the
exclusion of any other class."

That is a bold and vigorous state-
ment for these hapless days, and the
sentiment is just as true for every
citizen as it is for this president.
This is a Democracy, in which there
is no privilege of wealth or class and
if that idea is subverted it only
means in the end the subversion of
the Republic. In the individual is
where liberty begins and upon him
rests the duty of perpetuating that
liberty.

Coming Strike.

(Ohio State Journal.)
One week from today is looked
forward to with some apprehension,
for at that time the great railroad
strike is expected to begin. It is
not fully determined, but the vote is
to be announced at that time on the
question whether to strike or not,
and the universal belief is that the
strike will be ordered. It will cover
the entire country and will doubtless
be the cause of much trouble. It is,
however, anticipated that there will
be some settlement of the issues at
stake through some form of arbitra-
tion, made possible by federal law.
Unless this occurs there is no tell-
ing how seriously all business will
be affected or how great the suffer-
ing that will ensue.

will be removed. This work comes

E. Jamison, Mrs. William Owen, Jr., Mrs. C. J. Pence, Mrs. Edward Jones, Mrs. Marion Brooks. Guests of the club were: Mrs. Rode Rugg of Newark, Mrs. Converse Tatham and daughter of Delaware, Mrs. Edward Wright and daughter of Granville, Mrs. George Smith and daughter of Fredonia, Mrs. H. D. Owen and son of Columbus, Mrs. George Horton and daughter of Granville, Miss Marvin of Newark, Miss Bessie Han- kinson of Welsh Hills.

The next meeting will be at the home of Mrs. Edward Jones, August 2d.

Walt-Kellenberger.
At ten o'clock this morning, Dr. L. C. Sparks joined in matrimony Miss Wilbur E. Walt, a young busi- ness man of Columbus, and Miss Bonnylyn Kellenberger of this city. The wedding took place at Dr. Sparks' home in North Fifth street. They were attended by Mr. Karl Shockley and Miss Mabel Kellen- berger, a sister of the bride. They will reside in Columbus where Mr. Walt has already furnished a home for his bride.

Boyd-Fried.
Mr. Ray Boyd and Miss Nancy J. Fried were united in marriage Sat- urday afternoon at 2 o'clock. The ceremony was performed by Dr. L. C. Sparks at the parsonage in North Fifth street. They are young peo- ple from Perry township, this coun- ty, and will reside near their pres- ent home.

Straw-Smith.
At four o'clock Saturday afternoon Dr. L. C. Sparks united in wedlock Mr. Esmond Straw of Hebron and Miss Blanche Smith of Granville. The wedding took place at Mr. Sparks' home, he reading the ring service of his church. They were at- tended by Mr. and Mrs. Raymond Wilson of this city, special friends of the contracting parties.

Mr. and Mrs. C. E. Riley of 61 Ninth street, entertained Sunday Mr. and Mrs. W. A. Riley, Mr. and Mrs. Will Robinson and Mr. Edward Fowls of Centerville, Mr. and Mrs. Minter Bohon of Columbus. It was Mr. and Mrs. Riley's first visit to Newark in forty-nine years.

Mr. and Mrs. A. M. Claggett of Clay Lick, entertained with a dinner Sunday in honor of their daughter, Viola, who was married to Mr. Wil- liam Taylor of Newark, Saturday evening at eight o'clock, at the home of Rev. W. D. Ward, in Locust street. Those present were: Mr. and Mrs. William Taylor of Newark, Mr. and Mrs. E. D. Claggett of Colum- bia, Ohio, Mr. and Mrs. R. E. Clag- gett, Mrs. Allen Faller and daughter Edna, all of Newark, Mr. R. B. Ryan, Miss Eva Claggett, Mr. and Mrs. A. M. Claggett.

The Ladies' Auxiliary Knights of St. John will join the Knights in having a basket picnic at Mount- builders' park, Thursday afternoon and evening, July 27th. The mem- bers of the Auxiliary are cordially invited to bring well filled baskets, their families and friends and help to make this picnic a success. There will be amusements of various kinds for all.

VANATTA

There will be Grange meeting Wednesday night, July 26, and eight candidates will receive the first and second degrees.

Mrs. Clara Karnes of Newark spent Thursday afternoon with Mrs. Charles Hines.

The Chatham home-coming will be August 3d instead of August 10th as previously announced.

Grape-Nuts

embodies the full, rich nutriment of whole wheat combined with malted bar- ley. This combination gives it a distinctive, delicious flavor unknown to foods made from wheat alone.

Only selected grain is used in making Grape- Nuts and through skillful processing it comes from the package fresh, crisp, untouched by hand, and ready to eat.

Through long baking, the energy producing starches of the grain are made won- derfully easy of digestion.

A daily ration of this splendid food yields a mar- velous return of health and comfort.

Granville

[Special to The Advocate]
Granville, O., July 24.—Mr. and Mrs. Fauley, the well known artists whose home is in Columbus, and who came for a two weeks' stay in Granville, to do a little sketching and a little painting, have become so in love with the place and the opportunity it offers to the artist, that they have decided to remain until November. Both Mr. and Mrs. Fauley have studied abroad and have painted in many countries, as well as in many localities in this broad land, and they well car- ries weight when they assert that Gran- ville is the most extraordinary vil- lage they have ever known, at least, in this country. Mr. Fauley has rented a room on the second floor of the old "Hotel Granville," at the corner of Broadway and Prospect street, which he will fit up as a studio and they have promised an exhibition of their work before their departure, in the fall—which will be eagerly anticipated by artistic circles both in Granville and in Newark.

President C. W. Chamberlain re- turned yesterday to the Ohio Bap- tist Assembly, near Franklin, where today he delivered an address.

Miss Lillybell Setton who is spending the summer in Oakley Hall, O. S. U. spent the week-end with her mother in Granville.

The teachers in the Denison Sim- mer school, went to Spring Valley, Saturday evening for a picnic sup- per.

Miss Louise Ballard of Washington C. H., formerly a student in Denison, was a week-end visitor in Granville, where she was the guest of her Kappa Phi Sisters.

Mr. Frank Robinson of West Broadway, spent the week-end with friends in Columbus.

Prof. M. E. Stickney's class in Ornithology, enjoyed another de- lightful outing Saturday, which prob- ably will be the last "extra," as Summer school is to close on Fri- day, July 28. About twenty of the class took an early train for Black Hand, where they partook of pic- nic dinner, engaged in a game of baseball, and various other out door sports—returning to Granville in the evening.

Prof. Biefeldt was captured by the pick-nickers en route for the train; and was forced to accom- pany them, willy nilly, as guest of honor.

Arthur St. Clair Sloane of Wooster, who graduated from Den- ington in 1896, occupied the pulpit of the Baptist church yesterday. His sermon appealed to his hearers in a special way—being constructed upon the command of the Lord to Nehemiah to rebuild the walls of Jerusa- lem. Mr. Sloane still has many friends in Granville from whom he receives a cordial greeting. Music was furnished by Miss Esther Beers of New York City, the choir, "Sav- ings," like a Shepherd Lead Us," and by Jack Hundley in an offertory solo.

There also was a good summer even- ing attendance in this house to hear Rev. Otto Giesen in his excellent ser- mon on "The Golden Age." The music for this service was worthy special mention, the anthem, "Hark, Hark, My Soul," by Mrs. E. P. John- ston, Miss Lois Lockhart and the choir, being unusually well rendered.

The Plymouth Quartet of Newark sang for the offertory "The Radiant Morn," with splendid effect, and at the close of the sermon again fa- vored the congregation with an artistic interpretation of "Men, Be Strong." The quartet is well bal- anced, the voices of fine quality, and the ensemble admirable. Mrs. Mabel Ashton at the organ accompanied the singers in most artistic and satisfy- ing style. The personnel of the quar- tet is Messrs Hughes, Carl Meyer, J. B. Masey, and Walter Welker, all of Newark.

Postmaster John Geach returned last evening from Washington, D. C., where he has spent the past week attending the postmasters con- vention.

Mr. and Mrs. C. A. Porter of Peoria, Ill., who spent the week-end at the home of Mr. and Mrs. C. B. Slack in Cedar street have left for their home.

Remember the date! Thursday evening, August 27, Prof. E. P. Johnston will give an evening of readings and music, assisted by Prof. K. H. Eschman and a quartet, in Re- cital Hall at 8 o'clock.

And speaking of dates, there is an important one this evening which every public spirited man of Gran- ville and the surrounding commu- nity should remember. The meeting of charter members of the new Chamber of Commerce in the Muni- cipal building at 7:30. Come in, sign the charter, and vote for the name.

ARREST MADE FOR "SPEEDING" A STREET CAR.

[Associated Press Telegram]
Cincinnati, July 24.—The un- usual charge of speeding a street car appeared on the police court docket today. There were two motormen of the Oakley line on the docket on the charge. The police say that they ran their cars at a speed of 25 to 30 miles an hour. The speed limit is 19 miles which is the same that automobiles are expected to main- tain. The citations of the motormen were made by Corporal Lorenz who trailed the cars with a motorcycle equipped with a speedometer.

GREAT BRITAIN'S PARTIAL ANSWER UNSATISFACTORY

[Associated Press Telegram]
Washington, July 24.—Great Brit- ain's partial reply to the American note protesting against interference with neutral mails, is regarded by officials as unsatisfactory principal- ly, because it deals with specific cases instead of the principles involved. Officials infer from the communica- tion that Great Britain is determined to uphold her attitude which the United States regards as unwarranted and without authority in interna- tional law.

Acting Secretary Polk said he would cable Ambassador Page, ac- knowledging receipt of the British communication and repeating the re- quest for an early reply to the last American note. He said the memo- randum would be given out for pub- lication later in the day. It now is before President Wilson.

President Wilson told callers to- day that the British "blacklist" against some American firms was causing him a great deal of concern, but indicated that details of the plan of the American government to meet the situation had not been de- cided upon. Senator Hoke Smith, who spoke only for himself, declared after seeing the President that he thought the issue would be settled by withdrawal or modification of the blacklist.

Some Reasons Why J. B. Carson Should Not Be Renominated

WILLIAM M. MILLER

—THE—

UNAFRAID
UNBOSSSED
UNPURCHASABLE

Candidate for State Senator on the Republican Primary Ticket.

J. B. Carson is not entitled to the renomination as candidate for State Senator from the 15th-16th District.

Mr. Carson has virtually lived off the Republican party for twenty nine years.

Mr. Carson began serving as Justice of the Peace in Newton township from April 15th, 1887, to October 16th, 1893. He served as Deputy Clerk of Courts of Muskingum county from October 1, 1893 to August, 1897. He served as Clerk of the Courts of Muskingum County from August, 1897, to August, 1904. He has served as Justice of the Peace in Zanesville from April 17, 1905, to the present time, and became a candidate for this office last fall, made a strenuous campaign for it, was elected for another term of THREE years, and at the same time he was holding the office of State Senator.

Mr. Carson can offer no explanation that will justify him in trying to hog two elective and well paying offices at one and the same time.

It is un-American and unfair for any man to want to hold more than one elective office at one time. It may not absolutely violate the letter of the law against a man holding two elective offices, I do not know; but it certainly violates the spirit of such law.

Mr. Carson (who wants to hold two elective offices at the same time) is not entitled to go back to the Senate either by reason of any extraordinary traits of statesmanship developed during his first term nor in fairness to the other worthy Republicans of the District who hold no office.

It was reasonable to suppose that when Mr. Carson made a strenuous fight for re-election to the Justice of the Peace office in Zanesville last fall—the big paying debt collection agency of Zanesville—that in common decency he would recognize that there were other Republicans on earth besides himself and would keep out of the Senatorial contest in 1916.

The Justice of the Peace office in Zanesville pays handsomely and is practically as good as and the same as holding a county office.

The fees in Esq. John W. P. Reid's Justice Court in Zanesville last year amounted to more than \$14,000.00. (His first year and a stranger to the office.)

The fees in Esq. Carson's Justice Court in Zanesville undoubtedly were very much more than in Esq. Reid's Court because it is common knowledge that by reason of Carson's working connection with the Kessler Debt Collection Agency of Zanesville, Carson virtually has a monopoly on a class of business which swells the fees in the Justice's office. He also handles all the humane cases, and has exclusive business in other lines falling to a city Justice's court.

Mr. Carson has made a good living and made money out of the Justice office in Zanesville for the past eleven years. He asked the people last fall to re-elect him to that office, and he has enough to do if he attends to it right.

It is un-American and unfair for any man to want to hold two elective, well paying offices at one and the same time.

William M. Miller respectfully solicits the support of the Republicans of the 15th-16th District (Muskingum, Perry, Licking and Delaware counties) for the nomination as State Senator at the primaries Tuesday, August 8. I am qualified by training as an active, successful business man to serve my constituents creditably. I have never been elected to any office but if honored with this position, I will give my time and ability to this one job.

A DRIVE TO SCORE BOARD WINS IN 7TH

ONNDORFF GETS TIMELY HOME RUN IN LAST FRAME OF SCHULLMAN GAME.

Agree on Short Contest to Give Athletics Time for Practice—Newark League.

The Fitzsimmons team of the Capital City league is back in first place as a result of the defeat yesterday of the Schullman team by a score of 2 to 1 in an abbreviated game which preceded the exhibition game between Newark and the Philadelphia team. In the seventh and last inning, Newark rallied and scored three runs which brought the total to five and enough to win the game.

Before the game started, the visitors agreed to call the game at 2:45 to give the Athletics time to warm up before the big game was started at 3 o'clock. Schullman players insisted that the game should not be stopped in the middle of an inning, that whatever inning was being played when 2:45 arrived, should be finished.

When the crisis came and the visitors had a lead of two runs, they insisted that play be stopped exactly a quarter to three. Umpire Taylor stuck to the original agreement, that the inning should be finished and there is where disaster overtook the Schullmans.

Showing their old time form, the Fitzsimmons rallied in the last inning and with hits by Nutter and Ross, with Onndorff's home run drove in the score, three runs and enough to win were scored and the victory went to Schullman's fast going team.

While Newark was in the last here, Lancaster was falling before the pitching of Daving of the Mendels team of Columbus. Lancaster's defeat shoved them into second place and Newark's victory put the local boys at the top of the heap, a position they held for three weeks at the beginning of the season.

Lancaster always has been the stumbling block for Newark, winning almost as consistently as did Newark. The local boys now will fight hard to maintain the lead and future games will prove to be well worth seeing.

Koontz started yesterday's game with the Schullmans and got away well for two innings. He had trouble in the third and a pair of hits a pass and a hit batsman forced in the next. Then Lefty Onndorff steamed to the rescue. He retired the side without further scoring. Onndorff himself got into difficulties in the sixth when a hit batsman, two singles and a pair of errors gave the Schullmans three runs. Newark came back in the next half inning and with Simpson's double and Manger's single, scored a run. The three registered in the last half of the seventh game the same to Newark.

National Pike Mother Tells What Nerv-Worth Did For 11-Year-Old Sufferer.

The use of Nerv-Worth for children whose weakness and ill health are due to nervous ailments is giving this great family nerve tonic more and more popularity every day, especially during the mid-summer heat.

Evidence to this effect came not long ago from Mrs. Clara C. Dudley, whose address is Box 14, R. F. D. No. 8, East Pike, near Zanesville, and this is what she said and signed her name to:

"Nerv-Worth Co.:—For some time past our boy, who is 11 years old, was troubled with nervousness. He had a very poor appetite and was restless at night.

"We gave him two bottles of Nerv-Worth and he got better at once.

"HE IS STRONG AND WELL NOW and can eat and sleep fine and attends school every day."

**IF BACK HURTS
BEGIN ON SALTS**

Flush the Kidneys at once when
Backache or Bladder bothers—
Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally. Says a well-known authority, meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

**SAGE TEA KEEPS
YOUR HAIR DARK**

It's Grandmother's recipe to bring back color, youthfulness and lustre—Everybody is using it again.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this dark-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

**NEWARK BOYS
DRIVE THREE
HURLERS OUT**

ATHLETICS USE LANNING, SHEEHAN
AND MEYER TO DEFEAT
SCHUMPP'S TEAM.

Tris is Slugged for Two Hits—Lajoie,
McInnis and Davis Driven From
Innocent.

The Newark team of the Capital City League yesterday slugged three Philadelphia (American League) pitchers and drove Lannings, Sheehan and Davis, all veterans from the Athletics batting order before the game was finished. The onslaught of the Newark team resulted in a grand total of two hits, and for the first time in the season, it was admitted that the Athletics scored only 12 runs and only secured seven hits from the Newark pitchers, three in number.

The game with the big leaguers was an exhibition affair. Opinions differ as to which bunch of players was on exhibit. Probably most of the fourteen hundred fans who went to the grounds, were attracted by the fact that the Athletics were to appear. However, the Newark leaguers had little opportunity to exhibit their wares. There were few if any difficult chances in the field for the "home" team. Philadelphia and after the first two innings only the youngsters in the batting order made any honest-to-goodness effort at ball playing.

The game was featured by Pick's home run in the fourth which was the first of the Newark team. Lannings went back to the left field fence for Pick's long fly. He settled under the ball nicely, but as he lifted his hands to catch the ball, his heels struck the embankment at the bottom of the fence, he lost his balance, the ball went through his hands, struck his head and bounced over the fence. One run was scored ahead of Pick.

Fans watched with much interest, the work of Shortstop Witt who is a youngster and regarded as a rare find. He covered his position nicely and indicated that he was capable of handling the job satisfactorily. Two Newark pitchers, Lannings and Sheehan, indicated that she was alert. Once when Witt attempted to go from first to third on Orndorff's miff of Strunk's fly to right, Orndorff quickly reversed the ball and with a perfect throw retired Witt at third. In the eighth, Rowe singled, with King on first. King stole third when Rowe closed to Winters to catch King off the bag. Rowe was taking a big lead off first and Winters whipped the ball to Ashley who retired Rowe.

Summarizing the afternoon's sport, Newark fans enjoyed seeing the big league boys in action but they got more real enjoyment out of the first game. The score:

AFTER FOUR YEARS
Newark Testimony Remains Unshaken.
Time is the best test of truth. Here is a Newark story that has stood the test of time. It is a story with a point which will come straight home to many of us.
Mrs. C. L. Starr, 39 Hancock St., Newark, says: "For years I was run down from kidney and bladder trouble. I was weak and severe backaches and headaches made me miserable. Doan's Kidney Pills did me a lot of good, giving me strength and energy and making it possible for me to rest well." (Statement given August 9th, 1916.)
OVER FOUR YEARS LATER.
Mrs. Starr said: "Every spring and fall I take a box of Doan's Kidney Pills. They act as a tonic to my kidneys."
Price 50c. at all dealers. Don't simply ask for a kidney remedy, get Doan's Kidney Pills—the same that Mrs. Starr has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

**MIDLAND AGENTS
TO CEDAR POINT
FOR CONVENTION**

Messrs. Barber, Newkirk and Dickerson, accompanied by Mrs. Barber, Mrs. Dickerson and Lewis and Edwin Dickerson, left this morning for Cedar Point to attend the tenth annual convention of their company which convenes this evening and last throughout the week. This will be the most interesting convention ever held by the Midland and celebrates the tenth anniversary of this splendid young company. Dr. W. O. Thompson, president of the company, as well as the various officers and some of the directors, will be in attendance. Dr. Huebner, the well-known economist of the Wharton School of Finance, will be on the program during the week. The Midland is reaching its 10th anniversary with \$20,000,000 of very high grade life insurance in force, and it is notable of having attained its success by strict adherence to high standard and approved methods. The local agency which is under the direction of K. I. Dickerson has more than one thousand policyholders in Licking County. Applications amounting to \$55,000 of life insurance were received at the Newark office during the first three weeks of July. Mr. and Mrs. K. I. Dickerson and their two boys drove through to Cedar Point. On their return trip, they expect to visit their brother, Thomas J. Dickerson at Mansfield, and spend a few days with Charles H. Smith on his farm near North Fairfield, Ohio. Mr. Smith was musical director at the Auditorium when Mr. Dickerson played flute and drums at the theatre.

My! Ironing on a hot day like this?

Why don't you send your washing To The Newark Steam Laundry?

I've been finished with my housework since 10 o'clock this morning. Wash day doesn't bother me. I let The Newark Steam Laundry do my washing. I find it more economical and much wiser than to wear myself out over a steaming wash tub or ironing board. Take my advice my dear and let The Newark Steam Laundry take the burden of wash day off your shoulders."

So says a home manager, and wisely, too. It's folly at any time to do your laundry work, and especially in the heat of summer. Don't let another wash day fatigue you. The Newark Steam Laundry is always at your service. Our work is thorough and perfect and our prices are the most reasonable. Phone today for our wagon. We'll deliver your work in two days without any fuss or bother to you.

Rough-dry Laundry Service

We feature a rough-dry service for family washing. All flat work is ironed and other work starched ready for ironing. All this for 6c a pound.

AUTO IN GULLY; WOMAN SUFFERS FRACTURED LEG

C. E. Tompkins, blanket dealer, 1470 Wesley avenue, Columbus, and his wife were injured late Sunday afternoon, when their automobile went over an embankment five miles west of Newark. The accident occurred when Tompkins lost control of the machine, while attempting to close one of the doors on the auto, which had swung open by the jar of the car.

The car plunged into a gully at the side of the road and Tompkins received a severe laceration above the left eye on his forehead. Mrs. Tompkins sustained a broken left leg. Their five-year-old daughter, Martha, escaped unhurt.

They were rescued from the car by a farmer and taken into Columbus in an ambulance from St. Anthony. The party was on its way to Coshocton to visit friends.

BOY IS MISSING FROM HOME SINCE SUNDAY MORNING

Police aid has been asked by J. L. Weaver, 96 Dewey avenue, in an effort to locate his son, Charles Weaver, 12 years old, who left home Sunday morning between 6 and 7 o'clock to sell Sunday papers.

Up to noon today no clue had been uncovered which would lead to find the boy. The parents are puzzled to explain the boy's action and do not know which way to turn in their effort to locate him.

Relatives in Coshocton were reached by the Advocate through its Coshocton correspondent and it was learned that the boy had not visited either of the homes in that city where his grandmother and an aunt reside.

Charles, who is known among the newsboys as "Hap," took out 110 papers from a local dealer and served his patrons, all located in the north end of the city. He failed to return at the usual time about noon, to settle for the papers and turn in unsold copies. The police have been unable to locate any of his friends who might be able to explain his absence. When he left home he was dressed in a blue waist with short sleeves, knee trousers, a cap, shoes and stockings. The youngster has been faithful in the discharge of his duties as a newsboy and has caused his parents no concern heretofore.

Information which might lead to finding the boy may be left with Police Chief Sheridan or Probation Officer Dwyer, who will notify the parents.

WHITE AND WELSH SIGN ARTICLES FOR LONG BOUT

[ASSOCIATED PRESS TELEGRAM]
Chicago, July 24.—Freddie Welsh, lightweight champion, and Charley White of Chicago, signed articles here today for a bout of 20 rounds to a decision to take place in Colorado Springs, Colo., Labor Day, Sept. 4. The promoters guaranteed a purse of \$17,500.

The bout will be the first one of 20 rounds in which Welsh has taken part since he defeated Willie Ritchie for the world's championship at London, July 7, 1914. He took the title on a decision in that match and has agreed to surrender it on a decision Labor Day should Billy Roche of New York, selected as referee on the insistence of his manager Harry Pollok, give a verdict against him.

Welsh, because of his concessions as to the decision and his possession of the title will take down \$13,500 as his share of the purse with the option of taking 50 per cent of the receipts should they go above \$27,000. White's share is to be \$4,000. Welsh comes in that match and has agreed to surrender it on a decision Labor Day should Billy Roche of New York, selected as referee on the insistence of his manager Harry Pollok, give a verdict against him.

The bout will be under Marquis of Queensbury rules. The men agreed to weigh in at 135 pounds at 9 a. m., the day of the bout, or about five hours before they are to begin training at Colorado Springs two weeks before the day of the bout.

The bout will be the fourth meeting of Welsh and White. The champion has received the better of the encounters so far, but White is hopeful of winning over a long route.

TWO IN HOSPITAL.
[ASSOCIATED PRESS TELEGRAM]
Elyria, O., July 24.—Jack Hackett and Charles Wilford are in a local hospital and Karl Walton is confined to his home as a result of the automobile in which they were riding hitting a rut and overturning last night.

Henry Hentze, who is enlisted in the Ohio national guard and is stationed at Camp Willis, spent Sunday in the city visiting relatives and friends.

The Courts

Admitted to Probate.
The joint will of John T. and Jane Hand, late of St. Albans township, was admitted to probate today. No appointment has been made.

To Open Road.
The trustees of Newark township have been ordered by the county commissioners to open the Erie road, beginning at the foot of what is known as the "Welsh Hills," and extending through the properties of William Priest, Charles Keller and Martha J. Price. The road is to be 35 feet in width and is to be opened on or before the expiration of 30 days.

Parking of Autos.
The county commissioners request that bathers and others who have been obstructing traffic by parking autos on the bridge near the waterworks, find some other place for their machines as many complaints have been registered with the officials about the practice. The commissioners state that there are a number of places in the vicinity where machines can be parked without interfering with traffic.

Marriage Licenses.

WOMEN OF COSHO.

Cambridge, Ohio.—"I used 'Favorite Prescription' and found it an ideal woman's medicine. I was run down, dragging around, with loss of appetite and strength. I used several bottles of this medicine and found it built me up slowly, and the permanent benefit was simply marvelous. I never had to use it again. I give credit for my health to this sovereign remedy. I have given Doctor Pierce's Favorite Prescription to my daughter also."—Mrs. D. W. Nohr, 132 South 5th St., Cambridge, Ohio.

Thousands of women who are now blessed with robust health cannot understand why thousands of other women continue to worry and suffer from ailments peculiar to women when they can obtain for a trifling sum Dr. Pierce's Favorite Prescription, which will surely and quickly banish all pain, distress and misery and restore the womanly functions to perfect health.

Young mothers who preserve the charms of face and figure in spite of an increasing family and the care of growing children are always to be envied. Doctor Pierce's Favorite Prescription gives the strength and health upon which happy motherhood depends. It practically does away with the pains of maternity. It enables the mother to nourish the infant life depending on her, and enjoy the hourly happiness of watching the development of a perfectly healthy child.

NEWARK'S THIRD ANNUAL REDPATH CHAUTAUQUA

IS COMING

AUGUST 1st to 8th (Inclusive)

(No Sunday Program)

ONE SOLID WEEK OF ENJOYMENT FOR ALL, INCLUDING:

First Day: Music Makers Quartet (vocal and instrumental), featuring the marimbaphone; brisque and unique musical program in the afternoon; prelude in the evening.
Dr. William A. Colledge, lecturer. Dr. Colledge spent three years exploring with Henry M. Stanley in Africa, and is a nationally famed educator; boyhood friend of Robert Louis Stevenson.

Second Day: Maurer Sisters Orchestra, afternoon and evening preludes. Vocal and instrumental music, whistling and readings. This company recently completed a six weeks' tour of Panama.
Everett Kemp, presenting Harold Bell Wright's great story of "That Printer of Udells"; Kemp is widely known as "the man with the million dollar laugh."
Frank Dixon, in a straight-from-the-shoulder community lecture, "Taking Stock of a Town." Mr. Dixon is a brother of Thomas Dixon, Jr., and of Dr. A. C. Dixon.

Third Day: Giuseppe Bartolotta, Italian tenor, in a matinee recital. Bartolotta is a native of Naples, and has sung in concerts with such artists as Paderewski, Kubelik and Melba.
Walton Pyre, in a popular afternoon lecture on "Types From America's Melting Pot."
William Owen and Company in Charles Rann Kennedy's great drama, "The Servant in the House." Entire play presented in costume by a cast of capable performers.

Fourth Day: The University Boys, in a musical program of great variety and charm. Hawaiian instrumental music will be featured in the evening prelude.
Dr. James S. Kirtley, widely known as "the boys' man." Boys and girls, fathers and mothers will want to hear his vital and entertaining talk on "The Barefoot Kingdom."
Montraville Wood, assisted by his daughter, Miss Allene Wood, in a wonderful demonstration of the gyroscope, monorail car, ultra-violet ray and trailing torpedo.

Fifth Day: Pallaria's Band in two concerts—afternoon and evening. Francesco Pallaria began his musical career in Italian conservatories, and has directed his present organization in practically every American city of consequence. In his programs he is to feature descriptive music.

Sixth Day: The American Girls, a company of six versatile and talented young women in a rousing and patriotic musical program; at night they are to appear in connection with the children's pageant.
Mother Goose Festival, a feature primarily for the children. Under the direction of the "story hour girl," nearly 100 local children are to take part, in costume.
Frederick W. Maurer, only American survivor of the Stefansson expedition, in his illustrated talk on "A Fight for Life In the Arctic"; a lecture full of thrills.

Seventh Day: Thomas Brooks Fletcher, dramatic orator and an Ohio editor, in an afternoon lecture on a timely topic. Mr. Fletcher will entertain you and set you to thinking.
Miss Alice Nielsen, Prima Donna Soprano of the Metropolitan and Boston Opera Companies. Her evening concert is to be the Chautauqua's concluding feature. Miss Nielsen, frequently referred to as "The American Patti," is to be assisted by William Reddick, pianist, and Karl Kirk-Smith, cellist.

Single admissions to all of these entertainments, together with morning lectures and children's sessions, amount to almost eight dollars (\$8.00), but season tickets may be bought now for two dollars (\$2.00) for adults and one dollar (\$1.00) for children. After the Chautauqua's opening they cannot be secured for less than \$2.50 and \$1.25, respectively.

JAMES WHITCOMB RILEY

ALL INDIANA MOURNS

(Continued from Page 1.)

As to the advance of age and varied inquiries as to the date of his birth, but the most accurate information available indicates that he was born in 1848.

"Should you ask his age," one of his friends said, "the world answer 'This side of forty,' and leave you to guess which side."

The poet was the son of Benjamin A. Riley, a lawyer and political speaker of Greencastle, Ind. The boy could not be brought to the dull routine of school days, but he was wise in the face of streams and fields. His mother, who was Elizabeth Marline before her marriage, was a writer of verse and fiction. In later life attributed some of his impracticability to her.

Instead of preparing for the practice of law, as his father wished, the son turned to the study of poetry. For ten years he roamed through the Ohio Valley, peddling signs and fences. He had the trick of the brush and pencil and cleverly drew sketches and illustrations of the merchandise. He was naturally musical and shone as a fiddler in the villages at which his party stopped at night. He played for dances and at concerts in country hotels. He wrote rhymes, which sometimes found their way into country newspapers.

He led this cheerful, free and easy life late in the '70s, then he took employment as a reporter on a newspaper at Anderson, Ind. In 1877, for the purpose, as he said, of proving that he could write poetry of value, he perpetrated the Pan Hox which for years was a literary sensation. He wrote a poem in the style of Edgar Allan Poe, in which he gave the character the title of "Leonard" and it was offered to the public as a hitherto unpublished product of the genius of Poe. One of the stanzas was:

"Leonard—angels named her,
And they took the light
Of the laughing stars and named her
To a smile of white
And they made her hair of gloomy
Midnight and her eyes of bloomy
Moonshine and they brought her
To me
In the solemn night."

In some quarters the poem was accepted as a fraud. After the controversy had waged for months Riley confessed.

NEWARK WOMAN'S SISTER KILLED IN AUTO ACCIDENT

Fifteen minutes after the Advocate's Associated Press wire brought from Zanesville the news of the death of Mr. and Mrs. Fred Hardesty late Saturday, a private telegram to Mrs. Hardesty's sister, Mrs. L. A. Gutridge of this city told of the tragedy. Mr. Gutridge is a pressman employed in the Advocate press rooms. Harry Hardesty of this city is a brother of Mrs. Hardesty.

Mrs. and Mrs. Hardesty were instantly killed at a grade crossing one mile east of Sonora when they were struck by a B. & O. passenger train. The couple was riding in an automobile and the approach to the crossing is through a deep cut which obscures the view of the railroad tracks.

Following the accident, the bodies were placed on board the train and taken to Zanesville where they were prepared for burial. The train was in charge of Conductor Edward Fess and Engineer William Floyd, the latter of this city.

Mr. Hardesty, aged 50, was badly crushed about the head. Mrs. Hardesty, aged 44, was also crushed about the head and chest and her limbs were broken. The bodies were taken home Sunday morning and double funeral services were conducted at the St. Paul church near Sonora at 2 o'clock this afternoon by Rev. Mr. Bay. Burial in St. Paul cemetery. The Modern Woodmen of Norwich had charge of the funeral.

Mr. and Mrs. Hardesty were well-known residents and were members of the St. Paul church. They had attended market Saturday morning and left Zanesville at 11:45 o'clock for their homes.

Mr. and Mrs. Hardesty are survived by one daughter, Mrs. Cleo Bunning of the home, and Mr. Hardesty is survived by two brothers and one sister: Alexander Hardesty of Pleasant Valley; Jasper Hardesty of Norwich; and Miss Margaret Hardesty of Adamsville. Mrs. Hardesty is survived by three brothers and three sisters: Harry Hardesty of Newark; Charles Hardesty of Illinois; George Hardesty of Rix Mills; Mrs. Meta Erler of Columbus; Mrs. Harry Gutridge of Newark; and Mrs. Maud Sprague of Adamsville.

ATTENTION COMRADES

All comrades, soldiers and their friends who are interested in Widows' and Soldiers' pensions should vote for the Hon. William A. Ashbrook, both at the primary August 8 and at the election as he is their friend.

25 Years Ago

(From Advocate, July 24, 1891.)

Dr. Hamill and wife left Monday evening on the Pennsylvania special for Atlantic City.

Mr. J. W. Grandstaff, who has been lying dangerously ill at his home on Chestnut street for some time past, is slowly improving.

A stranger this morning made an effort to rob Hop King, the Church street "washy" man. He made a suak before the police could reach the place.

15 YEARS AGO

(From Advocate, July 24, 1901.)

Harry Stevenson, son-in-law of County Commissioner W. F. Holton, while feeding a horse this morning, was accidentally kicked on the hip and seriously injured.

Mrs. V. B. Miller spent the day at Lakeside. She was accompanied by Emerson Miller and Paul Collins. Misses Clara and Flora Alexander, daughter of Dr. J. W. Alexander, will leave tomorrow morning for Chicago, where they will visit for a short time, after which they will go to Sangateck, Mich.

The World War a Year Ago Today—July 24.

The Germans continued offensive operations at Verdun.

In the Argonne west of Verdun the French repulsed German attacks and gained ground.

Fire was discovered in the cargoes to the Cragside and Knutsford, bound from New York to Europe. (The practice of placing bombs in the holds of ships trading with ports of the entente allies was attributed to German-Americans, but this was disputed.)

Turkish army at Shaliba, on Tigris river, routed by British with the loss of 2,500 men. This was an incident of the British march toward Bagdad. A force under General Townshend captured Amara in June and pressed northward toward Bagdad, meeting serious opposition on the way. The Turks, retreating from Shaliba, made a stand at Kut-el-Amara.

AGRICULTURAL AND ROAD LAWS OF OHIO.

The Legislative Reference Department, under the Board of Library Commissioners, has compiled and issued in separate form the following publications:

Road Laws of Ohio.
Civil Service Laws of Ohio.
Ohio Agricultural Laws.

These publications contain the full text of these laws now in force, together with introductory notes of general interest and many citations to court decisions and opinions of the attorney general.

These may be had by addressing the Legislative Reference Department, Columbus, O., and enclosing five cents postage for the road laws, three cents postage for the agricultural laws and two cents postage for the civil service laws.
